Expectations have changed. Business now wants the latest information to make quick and accurate decisions on the move. getsix® understands this and tailors each stakeholder's needs and helps to balance them within your company.

USE THE getsix® 'MOBILE EXTRANET' SOLUTION FOR IPHONE AND IPAD, AND BE EVERYWHERE, RIGHT NOW!

A secure, robust and easy-to-use solution for accessing, viewing, editing and syncing your business information on iPhone and iPad.

The getsix® e-Service 'Mobile Extranet' service for iPhone and iPad equips employees with greater productivity in the field. Sales and accounting staff are able to get informations quicker, collaborate more easily and be far more responsive to your internal requirements getsix® realises businesses require ways to enhance productivity, to empower 'your staff and with security'.

COLLIGO BRIEFCASE FOR GOOD TECHNOLOGY INTEGRATION

End-to-end data encryption between your device and the getsix® data centre, along with password policies enforcement.

Why we decided to offer getsix® 'Mobile Extranet' solution?

getsix® PROVIDES FOR OUR CUSTOMERS AN E-SERVICE SOLUTION CALLED getsix® 'CUSTOMER EXTRANET'

If you are our customer using either of our solutions for Finance & Accounting, or/and HR & Payroll, or/and Office Management, we store your relevant monthly data, and/or reports (i.e. Profit & Loss, Management Accounting Reports etc.) on our getsix® 'Customer Extranet'.

Our 'Customer Extranet' solution is based on Microsoft SharePoint technology and can be accessed from any internet connection 24/7 with any internet browser. Our customers have also the possibility to upload files which are not connected to our services, to use our getsix® 'Customer Extranet' as your hosted document management system.

Award-winning mobile Colligo Briefcase applications, solve the SharePoint mobility challenge by providing secure access to your data, via our getsix® 'Customer Extranet' environment on Apple iOS. Colligo Briefcase provides more productivity tools to your iPhone and iPad, with full offline support, advanced metadata support, with industry leading sync and security capabilities.

WITH THIS SOLUTION YOU CAN GIVE, FOR EXAMPLE, YOUR SALES PEOPLE ACCESS TO THE LATEST 'PRICE LISTS' USING THEIR IPHONE AND IPADS.

Colligo Briefcase applications, can be purchased, or downloaded from the Apple App Store on your iPhone and iPad. It is available in two versions: FREE Briefcase Lite for iOS or the Briefcase Pro for iOS. To get connected with the getsix® 'Customer Extranet' server the FREE version can provide this.

THE APP IS AVAILABLE IN GERMAN, ENGLISH, FRENCH, ITALIAN.

getsix® REVIEWS:

READ MORE:

* Read more about the encrypted connection in our guidelines booklet e-Service 'Customer Extranet'

** For more information about the reports available in our customer portal (Extranet) please refer to our booklet e-Service 'Customer Extranet'

How does it work?

YOUR BUSINESS INTELLIGENCE ON YOUR iPhone AND iPad

getsix® 'Mobile Extranet' provides you with all your monthly reports prepared and uploaded by our Accounting Department, and/or HR/Payroll Department/s, via your iPhone and iPad. We provide you with standard reports or we can also customise them to your specific requirements.

If you are interested in specific reporting based on the needs of your company, we can offer help and advice.

Being able to easily share files is a double-edged sword. It also potentially invites leakage of sensitive corporate content - often inadvertently. getsix® gives your business the power to restrict what can be shared externally by disabling sharing capabilities to specific users, completely specific to your requirements.

'getsix® HAD A POSITIVE OPERATIONAL IMPACT ON OUR ENTIRE DOCUMENT MANAGEMENT SYSTEM'

MUST-HAVES WHICH getsix® ENSURES:

- Centralised configuration of user settings by our IT Department
- Centralised distribution of new document libraries if required for a customised customer solution
- Control access to getsix® 'Mobile Extranet' content
- Flexibility over what and when to sync

CHECK getsix® 'CUSTOMER EXTRANET' 24/7

Just open the App and check the latest financial reports for your company, wherever you are.

SIMPLE TO USE

A clear menu structure guides any user through application.

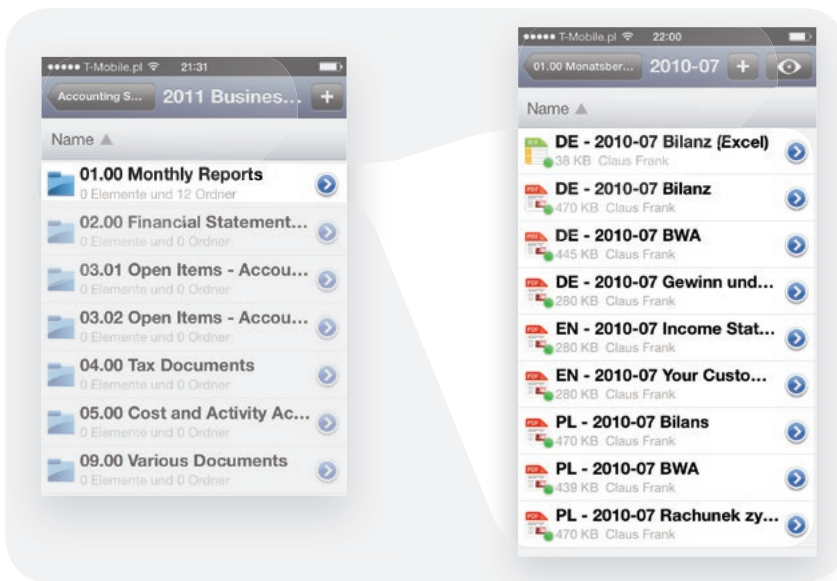

EASY ACCESS TO ALL FILES

- From Office documents, to PDFs, to images and emails
- Customer specific views to increase efficiency by making important data visible at-a-glance

How to use?

AFTER INSTALLATION, YOU CONNECT TO THE getsix® 'CUSTOMER EXTRANET' WITH JUST A FEW CLICKS

WHAT YOU CAN DO WITH YOUR REPORTS:

- **Sync** automatically or manually ensuring up-to-date content
- **View** getsix® 'Customer Extranet' content without browser, preview files to find the right document, fast
- **PDF** mark up and save to SharePoint, effortlessly
- **Upload** new content to Extranet
- **Share Files** by e-mail using links and attachments
- **Find** content fast using powerful search capabilities

MAKING MOBILE USERS MORE PRODUCTIVE

What does getsix® need to consider in a 'Mobile Extranet' client to ensure that your business users are more productive?

BUSINESS USER SCENARIO

A sales representative, who spends the majority of their time on the road, travelling between numerous short appointments visiting potential/existing clients.

NO NEED TO HAVE A LAPTOP

You want to show sales presentation, check spec sheets and access your price list. Now the whole sales team has been issued with iPhone and iPad, so they are free to travel light. Clients and prospects seem to respond well to materials presented on these devices.

SENSITIVE CORPORATE CONTENT ON SHAREPOINT

For example - business intelligence, electronic document management, vendor invoice scanning, monthly reports, balance sheets, sales and marketing materials are already stored via getsix® 'Customer Extranet'. Much of this material is highly sensitive information and must be secured against leakage to competitors'. With new information constantly being published, data entry can be linked to backend workflow, saving time! It is crucial that everyone has the latest supporting data. Pricing and promotions change frequently, so sales staff need to have latest details.

How to use? *cont.*

A TYPICAL DAY

- Numerous appointments with specialists and consultants throughout the day and very little time in between.
- Meetings are short and consultants are quick studies, constantly interrupting with pertinent questions and requests for data.
- Responses need to be immediate. There's no tolerance for "I'll get back to you on that."
- Research data is changing daily. Reps need the latest data to back up claims for services or equipment.
- Some visits result in orders or requests for quotes. Reps need to sync whenever they are connected to keep up to date. New contracts can be created, filled in and with hand-drawn signatures.

OTHER POTENTIAL USERS:

Accountant - during a meeting you need to quickly look at the latest Income Statement. Using getsix® 'Mobile Extranet' you can do it directly on your iPhone and iPad, without leaving the meeting or relying on others to provide the information.

Controller - a colleague in the field requires a monthly cost report for a meeting. Using getsix® 'Mobile Extranet' they can access themselves.

Employee/HR Dept. - a current list of sensitive personnel and all related costs are required. They can take advantage of getsix® reporting via iPhone and iPad.

Employee/Site Manager - a problem has arisen out in the field, which requires your urgent attention. You have uploaded photos using getsix® 'Mobile Extranet' to the getsix® 'Customer Extranet' portal via your iPhone or iPad, alerts then are sent to relevant colleagues, to enable fast and precise conclusion for the client.

Manager - normally you would print out getsix® monthly statements to take it to a meeting, or check on your laptop. You can now use getsix® 'Mobile Extranet' to your iPhone and iPad, thus eliminating paper based forms and more simple.

How to get?

COLLIGO BRIEFCASE APP CAN BE DOWNLOADED FROM THE 'APP STORE', WITH LITE VERSION FREE.

Detailed information can be obtained from the application developers: www.colligo.com or directly on the application: <http://getsix.eu/resources/various-informations/usefull-software/>
