MOBILE REPORTS IN YOUR HAND

Do you want to display, filter, email and print business reports from the palm of your hand, from anywhere in the world?

Now it's possible with getsix®.

Use the getsix® Mobile Reporting Solution application and bring them to your iPhone and iPad.

YOUR BUSINESS REPORTS & ANALYSIS WITH YOU WHENEVER YOU NEED IT - ON YOUR IPHONE AND IPAD

Mobi Reports Pro & Mobi SSRS are both iPhone and iPad reports viewers for Microsoft SQL Server 2012 reporting services. It displays your reports or dashboards from our getsix® reporting server and lets you navigate, view, bookmark, email or print from them.

Mobi report applications are developed by MobiWave and can be purchased, or download from App Store on your iPhone and iPad. It is available in two versions: FREE (Mobi SSRS) or full (Mobi Report Pro). If you want to connect only with getsix® server then the FREE version is enough, but if you want to use it also for OTHER data bases, then you need to buy the full version.

getsix® Mobile Reporting for iPhone and iPad includes everything you need, to make your performance information available on your mobile device. Users can display detailed real-time reports, as well as dashboards and can forward them i.e. directly as a PDF File. As a result, getsix® can improve decision-making, by enabling users to have instant access to their business data 24/7.

TO PROVIDE YOU WITH A MOBILE REPORTING SOLUTION, getsix® USES MOBI REPORTS

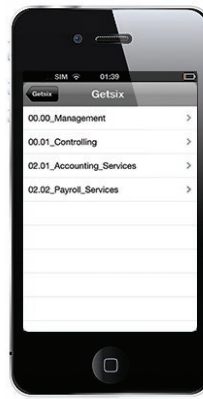

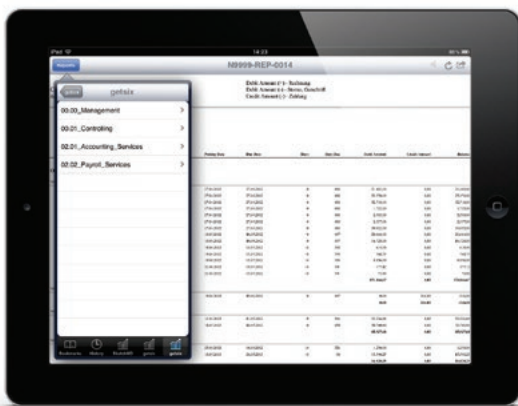

BENEFITS:

- No costs for downloading iPhone or iPad application from the App Store
- getsix® gives you access to real time data or data provided by our data warehouse, with a small monthly fee
- You can view or download your financial reports
- You have access to your data via iPhone and iPad 24/7 wherever you are
- getsix® provides you access with a secure connection (SSL)
- Reports can be delivered with optional parameters
- Reports will be delivered with drill down and drill through functionality
- Your reports can be directly printed or sent

How does it work?

YOU CAN FOLLOW ANY OF YOUR FINANCIAL REPORTS FROM getsix® ON YOUR IPHONE AND IPAD

1. CHECK REPORTS 24/7

Just open the App and check the reports of your company return wherever you are.

2. EASY TO USE

A clear menu structure guides you to reports you want to see

3. SEE THE DATA YOU NEED

We can provide you with return customised reports according to your needs.

Using any of these applications is simple. When you open the App, you choose the getsix® data server, then your company and the kind of report you want to use. Reports are sorted into categories according to your needs, for example as picture above: 00.00_Management, 00.01_Controlling, 02.01_Accounting_Services, 02.02_Payroll_Services.

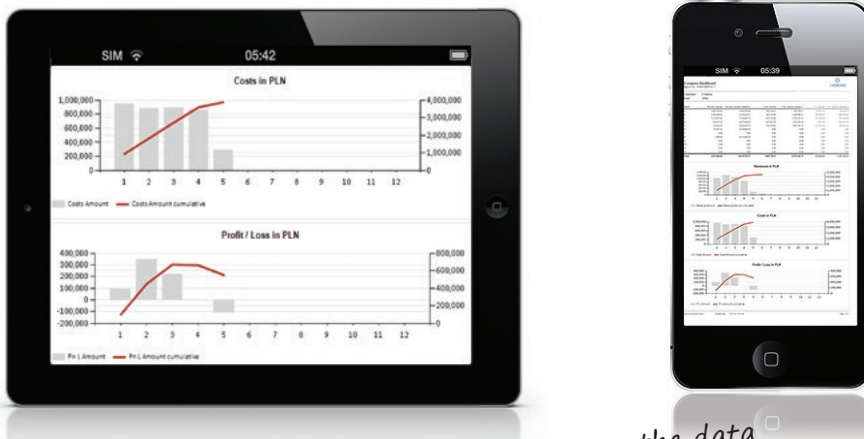

You can also define users of your reports and allow them to access reports in specific sections. For example, if a user has management privileges, then they can view all reports that are provided to your company. But if their status is maybe accounting or sales, they will have limited reports to review. In summary, reports are limited according to user role.

OUR CLIENTS ARE ALWAYS WELL INFORMED!
